LEADERSHIP OVERVIEW

In fulfilling our Mission “Called to Serve and Equipped to Lead”, Huntsville Bible College continues to reach out to our students as well as community to offer Leadership Conferences that are both practical and affordable.

This Leadership series will bring together some of the most influential leaders in the community and surrounding areas; to both challenge and inspire the curious seeker. As before, there will be practical tips and valuable training sessions for individuals in various positions within the church and parachurch organizations.

Each Tuesday in the month of October we will feature a dynamic leadership facilitator that will offer fresh insight and inspiration to leaders in all areas of ministry, to include: Christian Education Directors, Teachers, Superintendents, Ministers, Church Leaders, Youth and Young Adult Ministers.
